Will do. The agenda is usually put together the day before or on the call. OEM does not participate but I let Dana know and asked for Dimock updates. R3 covers Dimock and R8 covers Pavillion. The topics are heavily OW and ORD related.

Yes pls provide summaries. Is there an prepared agenda in advance? Does OEM participate regularly?

I'd say I make it to about half of the calls and another manager (usually Rich Robinson) attends if I can't. I did not attend last week as the call was rescheduled to last Friday and I had a conflict. A staffer prepares a weekly summary that I can easily share with you if you'd like. I'll forward the last one so you can see if you'd find these helpful.

Sandra, Do you still participate in the weekly fracking calls that Bob S leads?
